

## DRESS CODE LISTING – DANCE AARTS ACADEMY

This is the standard studio dress code. All items listed are available at the studio at a reasonable price for you to purchase. All merchandise is available year round and at our registration days. What we do not have in stock, we will order for you. We ask that all students abide by our dress code each class and we ask parents to double check that their children have what is required each class. Students with long hair are asked to have it pulled back securely from their face. Ballet students including our beginners are asked to have their hair fastened securely in a bun with a bun wrap cover. Any students that do not follow our dress code will be given one warning and then asked to sit out the following class, if they are not dressed appropriately. A dress code has been installed for the safety of your child(ren) as well as the other students taking class. I also feel it is important that students are dressed neatly so they are able to concentrate on improving their dancing skills and not worrying about what they are wearing.
